

# sireus

***SIREUS a program with SACC-USA***

*Promoting and accelerating trade, commerce and investments between Sweden and the United States*

---

# Background

- SIREUS' second goal aims to strengthen the relationship between Swedish and American universities.
- In alignment with SIREUS second goal, the Swedish university members were asked to map short-term activities.
- An excel sheet was distributed and filled out by the Swedish universities.
- The mapping of short-term activities follows the same structure as the previous mapping of established exchange agreements in working group 2.

# Categories and definitions

## Short-term activity

Summer school

Winter school

Host delegation

Online course

Student seminar

Student conference

Data collection

A full degree project

Placement abroad

Study tour

Blended intensive program

Partner university visit

Staff exchange

Other

Host delegations/classes who are responsible for their own teaching at a Swedish university

Data collection in connection with a (degree) project

Traineeship or any other placements abroad

For example, one week in the US and one week in Sweden followed by online activities

Staff exchange or job shadowing

## Time specification

Duration of the activity and when the activity is taking place during the academic year

## Occurrence

Estimation of the occurrence of the activity during a academic year

## US participation

Describe U.S. participation of the activity - Are there any partnerships involved? Is there a limited number of seats offered to U.S. students for summer school? Is it a U.S. specific activity?

## Surrounding offers

Are there any surrounding offers involved in the activity?

## Financing

How is the activity financed?

## History

How was the activity initiated?

## Discipline

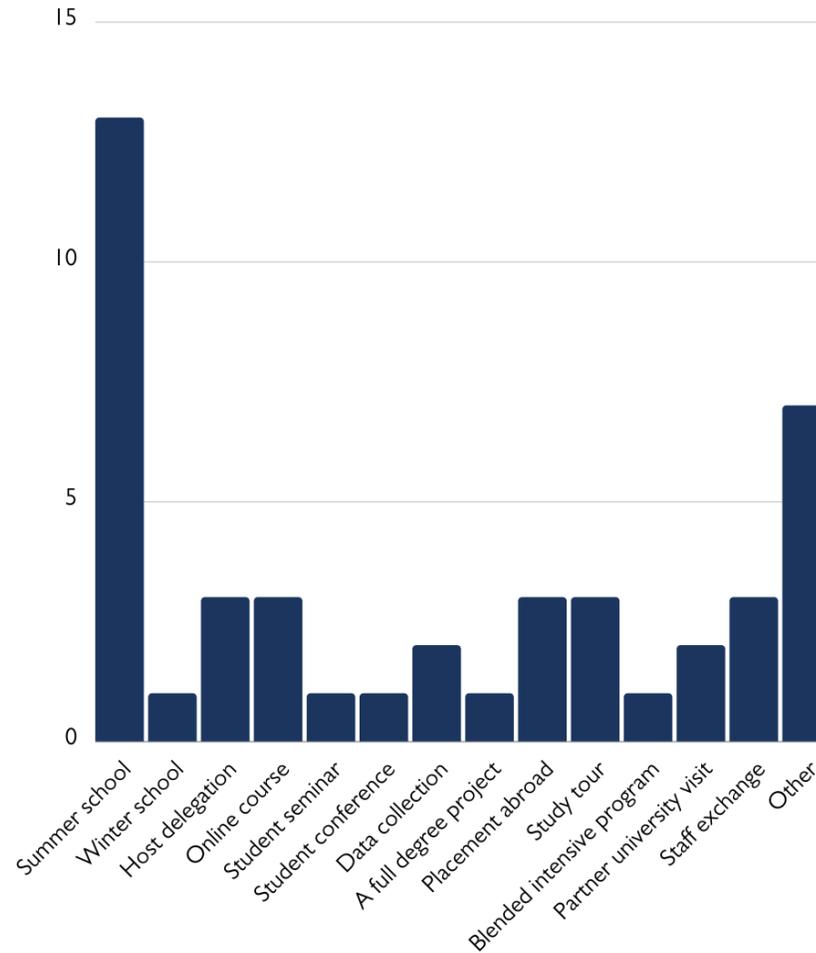

In what field of studies is the activity offered?

## Target group

Professors, bachelor students, master students, PhD students etc. In which direction is the activity targeted? Towards Sweden or towards the U.S?

*Increased talent mobility and knowledge exchange between Sweden and the U.S.*

# Type of activity

May, 2023

Increased talent mobility and knowledge exchange between Sweden and the U.S.

# Key takeaways

- Summer school is the most common short-term activity
- The mapping lack data from five universities. For more specific details, see the Excel sheet
  - Two universities have reported zero short-term activities
  - Three universities have not filled in their data
- All universities except one have more than three types of different short-term activities
- A majority of short-term activities are in collaboration with an American partner university

*Increased talent mobility and knowledge exchange between Sweden and the U.S.*
